CONCEPT

The purpose of this summit is to provide opportunities for learning, sharing and help growing entrepreneurs across industries. The Pakistan Entrepreneurship Summit experience will foster networking and exchange among both new and established entrepreneurs so that they could learn not only through their own experience but also through that of the others.

The summit is targeted towards board members, senior and middle management across all aspects of organizations—from strategy development to business models and channels, finance, marketing, business development, HRD, operations, leaders, faculty and students from the academic field.

LEARNINGS

As per a Business Week study of the top 50 companies in the world, to find out what have made them successful, innovation stood out as the single most important success factor and entrepreneurship with driving innovation, as per MIT Entrepreneurship Center. It is imperative for Pakistani corporate sector to embrace these two vital competencies whole heartedly. At the Pakistan Entrepreneurship Summit, you will learn how the leading companies around the world are putting innovation and entrepreneurial culture at the center of their business strategies.

AT THE SUMMIT YOU WILL LEARN

- Why innovation and entrepreneurial strategy and cultural acceptance of change is important for the corporate sector
- Why innovation and entrepreneurial culture is essential to retain top talent in the organization
- How do you achieve the pinnacle of continuous innovation and entrepreneurial culture
- The shared experiences by the most successful people around Pakistan
